April 29, 2021

Dear Saint Peter Catholic School Community,

I write regarding the difficult decision made for a change in our Saint Peter School principal position for the coming academic year. This decision was reached following careful consideration and also close consultation directly with our Diocesan Office of Education and with Bishop Zarama.

The support from our school community for Ms. Alexander is a testament to her legacy as a longtime part of the Saint Peter Catholic School family and also reinforces why it is best to communicate this news to you now, well in advance of the beginning of our new academic year next Fall. This decision, however, will not be changed.

I invite our school parents and faculty to now join me as we move forward together in the mission entrusted to us, namely to assist our parish and our school in forming future leaders for our Church and in the broader community, with the gift and foundations of our faith, given to us in Christ. With assurances of my prayers,

Sincerely in Christ,

Father Jim Buchholz  
Pastor
